### Logo Options:

**Short Run Logos** - Our new dynamic alternative logo option allows for short production runs and variation of text on individual logos, with lead times as little as 2 business days! Both flat and domed plastic are available with this program. Please note that this process is digitally generated, and PMS color matches are not guaranteed. Flat logos are matte finish polyester with good durability, but not as long lasting as our Standard Flat Logos. Minimum order - 1 piece. Maximum order is 250 pieces.

**Standard Logos** - For all flat plastic and domed logos over 250 quantity, we offer up to 6 spot colors or 4-color process printing. Exact PMS ink matches are available with an additional charge for some PMS ink colors. Production & application of logos to units is 7-10 business days.

Logos are not sold separately.
